

LEGACY CRAFTSMAN AWARD

A distinguished honor recognizing an individual whose career exemplifies exceptional craftsmanship, leadership, and dedication to developing the next generation.

This award celebrates a lifetime of hands-on excellence in the construction industry. It is reserved for those who have not only mastered their trade, but who have elevated the standards of quality, safety, and professionalism across our industry. Recipients of this award have left a lasting mark through the work they have built, the people they have mentored, and the influence they continue to have on the industry.

- Can provide examples of work that reflect a commitment to excellence
- Have invested in developing others through mentorship, training, and leadership
- Are widely respected by peers for their integrity, work ethic, and commitment to the industry

BC&E encourages members, partners, and industry leaders to nominate candidates whose careers embody the very best of craftsmanship and mentorship in the construction industry as we honor those who have been devoted to building with purpose and passion.
